

Rural Child Care Innovation Program

Wadena County, MN

Progress Update – August 27, 2020

Wadena County joined the Rural Child Care Innovation Program in 2019. Wadena County has moved through the initial phase of the RCCIP process creating their Community Solution Action Plan with goals and assigned Core Team Leaders. The goal setting and implementation phase have been impacted by COVID restrictions but the team continues to meet and discuss the ways they can support providers. Although implementation of some of the goals has been slowed, other areas of child care expansion project discussion keeps moving forward with two very active projects in process and potential changes to community ordinances to help support providers through the licensing process.
